

# MATTHEW MACRI

## Computer Science Student

### PROFILE

---

In search of a full-time summer job opportunity, I am a Computer Science Technology student at Vanier, passionate about programming and motivated to gain practical experience in the field. With my problem-solving skills and commitment, I am confident in making a significant contribution to any team.

### EDUCATION

---

#### Computer Science and Technology - Vanier College

Jan 2023 - Jan 2026

### PROFESSIONAL EXPERIENCE

---

#### Department of National Defence [Field Service Technician]

May 2024 - August 2024

I interned as a Field Service Technician at the Ministry of Defence, providing IT support across Quebec. I resolved hardware and software issues, managed backups, and offered technical training. Additionally, I contributed to IT asset acquisition and lifecycle management.

#### A&W [Cashier]

Oct 2023 - March 2024

I prioritize customer care by providing friendly and attentive service to foster loyalty. Additionally, I maintain a clean and inviting dining area, ensuring A&W's operational standards are met.

#### Euro Gear™ [Mechanical Assembler]

Jun 2022 - Jul 2023

At Euro Gear, I disassembled and assembled critical rollers, ensuring optimal performance and extended lifespan using advanced mechanical engineering techniques.

### SKILLS

---

HTML - JavaScript - SQL - Java - CSS - C# - JS - JSON

### EVENTS

---

Bell Geekfest Hackathon Quebec 2023

McGill Physics Hackathon 2023

### LICENSE & CERTIFICATIONS

---

Harvard CS50x: CS50's Introduction to Computer Science
