MATTHEW MACRI

Computer Science Student

PROFILE

In search of a part-time job opportunity, I am a student in Computer Science Technology at Vanier, passionate about programming, and motivated to gain practical experience in the field. Leveraging my problem-solving skills and commitment, I am confident in being able to make a meaningful contribution to any team.

EDUCATION

Computer Science and Technology - Vanier College
Jan 2023 - Jan 2026

PROFESSIONAL EXPERIENCE

Euro GearTM [Mechanical Assembler]
Jun 2022 – Jul 2023
At Euro Gear, I disassembled and assembled critical rollers, ensuring optimal performance and extended lifespan using advanced mechanical engineering techniques.

A&W [Cashier]
Oct 2023 – March 2024
I prioritize customer care by providing friendly and attentive service to foster loyalty. Additionally, I maintain a clean and inviting dining area, ensuring A&W's operational standards are met.

Department of National Defence [Field Service Technician]
May 2024 - Present
I interned as a Field Service Technician at the Ministry of Defence, providing IT support across Quebec. I resolved hardware and software issues, managed backups, and offered technical training. Additionally, I contributed to IT asset acquisition and lifecycle management.
